

Hey!
We would like to invite you to a great event!

HARAMBEE YOUNG

From Vision to Impact – Rome 2026

HARAMBEE YOUNG

From Vision to Impact – Rome 2026

Harambee Young is an **international conference** for young volunteers and for anyone who wants to get involved in wise, **long-term support for Africa**. We meet in Rome to learn about the Harambee model, hear first-hand experience from people working on the ground in Kenya, and look at our support from an African perspective — what works, what is missing, and how we can help better.

The conference is also a space to exchange experiences with volunteers from different countries, build relationships, and plan future initiatives. Participants can expect **inspiring talks, a panel on safety and responsibility in humanitarian projects, and time for discussion and shared ideas on the future direction of Harambee.**

HARAMBEE YOUNG

From Vision to Impact – Rome 2026
